If you choose to have us clear your pet(s) through Customs upon arrival, you can also choose to:

- Have us deliver your pet(s) directly to your temporary or permanent residence either immediately after clearance (usually in the middle of the night!) or the next morning/day, in which case this charge applies. Just let us know your preference.
- Alternatively, you can meet us at our facility (which is very close to DXB) after the clearance (again, usually in the middle of the night!) to collect your pet(s) yourself, in which case there is no additional charge.
- Or perhaps you need to board your pet(s) with us for some time before bringing them to your new home? If so, see below.
